Short Bio: I am a Research Assistant in Mathematics at Imperial College London, working in the group of Dr Michele Coti Zelati. I did my PhD studies at Gran Sasso Science Institute, L'Aquila, under the supervision of Dr Michele Coti Zelati. I received my Bachelor's and Master's degrees from the University of L'Aquila, doing both theses under the supervision of Prof. Donatella Donatelli.

Curriculum Vitae (con link al CV)

Support Acknowledgement:

I am partially funded by the GNAMPA group of INdAM. I am a member of Unione Matematica Italiana (UMI).

## Pagina Research

Research: My main research interests lie on the analysis of partial differential equation, particularly focused on problems related to the fluid dynamics. Currently, I am working on stability problems such as inviscid damping and enhanced dissipation.

Here is my Google Scholar profile ([link a scholar](#)). Most of my papers are available on arXiv ([link di arXiv](#)).
